EDUCATION

Bachelor of Computer Applications

Indira Gandhi National Open University
July 2023-present

TECHNICAL SKILLS

React | JavaScript | Redux | Git |
Node.js | Express.js | MongoDB |
RESTful APIs | HTML5 | CSS3 |
tailwind CSS

SOFT SKILLS

Time Management | Teamwork |
Problem Solving |
Effective Communication |
Adaptability

INTERESTS

- Travel
- New gadgets
- Gaming

md afsar

Frontend Developer(React)

PROFESSIONAL SUMMARY

Energetic frontend developer skilled in JavaScript, React.js, and responsive design. Adept at integrating frontend components with APIs and optimizing performance. Strong problem-solving abilities and a proactive attitude ensure swift adaptation to new tech stacks, including the use of Generative AI.

WORK EXPERIENCE

Karkhana

FrontEnd Intern

July 2024 - September 2024

Job responsibilities:

- Optimized website performance, reducing load times and improving resource management, aligning with key job requirements of speed and performance.
- Enhanced mobile responsiveness, ensuring consistent and visually appealing interface on various devices, addressing the need for responsive designs.
- Collaborated with cross-functional teams to improve mobile performance, aligning with the need for collaboration with designers and backend developers.

PROJECTS

1. SkinStore | |

JavaScript | React | Redux | Git | Node.js | CSS3 | HTML5 |
RESTful APIs | MongoDB | Express.js |

Responsive Web Design

- Developed the user interface of an ecommerce website using React.js, ensuring a seamless user experience.
- Implemented responsive design principles to optimize performance across various devices and browsers.
- Integrated frontend components with backend APIs using Node.js, including OTP verification and JWT handling.
- Optimized web application for speed and scalability, enabling smooth product browsing and cart functionalities.
- Conducted thorough testing and debugging, ensuring reliability and stability of the application.

2. Animoto Website Cloning | |

JavaScript | React | Git | HTML5 | CSS3 |

Responsive Web Design

- Implemented Firebase for storing and retrieving user data, ensuring seamless data management.
- Utilized the Context API for efficient state management across the application.
- Ensured responsive and mobile-friendly design to provide optimal user experience on various devices.
